[LeetCode](#)

SUMMARY

Software Engineer with strong problem-solving skills (600+ DSA problems solved on LeetCode) and hands-on experience in backend development using Java and Spring Boot. Proficient in Python and experienced in building scalable applications. Strong foundation in Data Structures and Algorithms with a focus on writing efficient and maintainable code.

EDUCATION

B.Tech in Artificial Intelligence and Data Science

2023 – 2027

Vel Tech High Tech Dr.Rangarajan Dr.Sakunthala Engineering College

CGPA: 8.54

SKILLS

Languages	Java, Python, SQL ,JavaScript
Core CS	Data Structures & Algorithms, Object-Oriented Programming (OOP)
Technologies	Spring Boot, HTML, CSS, Bootstrap ,REST APIs , JDBC
Tools	Git, GitHub, VS Code, IntelliJ IDEA ,PostMan
Database	MySQL

EXPERIENCE

Intern – Mobile Application Development

Dec 2024

NSIC Technical Services Centre, Chennai

- Developed cross-platform mobile application components using Java, focusing on responsive UI/UX principles.
- Implemented core application architectures and managed development workflows through the full software development life cycle (SDLC).
- Engineered functional modules for real-time data handling, ensuring seamless integration with backend services.

PROJECTS

Smart Route Planner

2026

Tech Stack: Java, Spring Boot, Graph Algorithms

- Implemented shortest path computation using Dijkstra's algorithm for route optimization.
- Designed graph data structures and utilized priority queues for efficient pathfinding.
- Built RESTful APIs to process user inputs and return optimal routes with distance calculation.
- Analyzed time complexity and ensured efficient performance for scalable pathfinding.

Crime Prevention Using AI

Jan 2024

Tech Stack: Python, Machine Learning

- Developed a crime analysis system using historical data to identify high-risk areas.
- Applied Linear Regression and data preprocessing techniques for pattern identification.
- Performed data cleaning and feature selection to improve model performance.

ACHIEVEMENTS

- Solved 600+ problems on LeetCode and earned 200 and 365-day streak badges.
- Completed NPTEL Certification: Joy of Computing using Python (IIT Madras).
