EDUCATION :

B.Tech Artificial Intelligence and Data Science

CGPA : 8.54

Vel Tech High Tech Dr.Rangarajan
Dr.Sakundhala Engineering College

HSC

Percentage : 89

Aruna Hr Sec School

CERTIFICATIONS :

- Java Programming Certification
(Cyber Naut)
- NPTEL-Python Programming

AREA OF INTEREST :

- Software Development
- Backend Development
- Database Management
- Artificial Intelligence

PROFESSIONAL SKILLS :

- Flexibility
- Adaptability
- Teamwork
- Time Management
- Leadership
- Problem Solving

CAREER OBJECTIVE :

Java Developer with expertise in MySQL, and a solid foundation in Data Structures. Passionate about building efficient, scalable, and reliable software solutions. Seeking opportunities to contribute to impactful projects and grow in the field of software development.

TECHNICAL SKILLS :

- Programming Languages :Java, Python
- Database Management :MySQL
- Frontend Technologies :Html, CSS
- Core Skills :Problem Solving, Data Structures ,
Object-Oriented Programming

PROJECTS :

• Product Sentiment Analyzer & Review Dashboard | Dec, 2025

Tech Stack: Python, Flask, Selenium, BeautifulSoup, React

Developed a web-based application that dynamically scrapes product reviews from e-commerce sites and performs sentiment analysis using NLP techniques. Implemented real-time review extraction, sentiment classification (positive/negative/neutral), and a dashboard for visual insights using interactive charts.

• Crime Prediction & Analysis System || Sept, 2024

Tech-Stack :Python, LSTM, Pandas, NumPy, Selenium, NewsAPI

Developed a machine learning model to predict district-wise crime trends using historical IPC data. Implemented LSTM-based forecasting with MinMax scaling and MAE evaluation. Added real-time crime news integration using NewsAPI and automated data handling for preprocessing, training, prediction, and district-level crime insights.

INTERSHIP :

• Mobile Application Development - NSIC

• Project Intern — Cybernaut Edu Tech (3 Months)

Working on projects involving Web Scraping, Machine Learning, Flask, and Django.

ACHIEVEMENTS:

- Solved 400+ coding problems on LeetCode.
- Achieved 5-Star in Java on HackerRank.
- Consistently improving DSA and problem-solving skills through multiple platforms.
